About The Space

2Northdown is a flexible multi-use space housed within in a three-storey former light industrial building. It is suitable for a wide variety of private and corporate events, including product launches, rehearsals, filming, fundraisers and away days. Please note that unfortunately the venue is not suitable for weddings, christenings or wakes.

The atmospheric 56 msq rectangular venue incorporates a multi-height adjustable stage, mobile bar unit and a state of the art PA and AV system. Full-height doors open onto the front of the venue, effectively extending the floor space, creating a strong street presence and allowing us to offer drinking outdoors.

All aspects of the venue, including the sound and lighting, can be assembled and used by people unfamiliar with the venue.

Capacity ranges from 65 seated theatre style through to 100 for receptions.

A man with curly hair, wearing a dark suit, is speaking into a microphone. He is smiling slightly. The background is dark with a repeating pattern of the 'sense' logo, which consists of a stylized orange and blue circular icon followed by the word 'sense' in a light-colored sans-serif font.

A Night Of Comedy For Sense With Jon Richardson & Friends

2Northdown was the perfect choice for the Sense comedy evening, which helped us raise significant funds for the charity.

The service from staff in the lead up to the event, and on the day, was excellent. They were always available to answer any questions or provide support.

The relaxed, intimate surroundings helped the acts, including Jon Richardson and Josh Widdicombe, feel at home. The facilities on site were good, with no queues for toilets and a well serviced bar!

This all contributed towards a successful evening, with great feedback from the audience.

An Awareness Raising Concert For One Young World

Hosting two events at 2Northdown was a great experience which I would recommend to anyone thinking of organising events for up to 100 people.

We hosted two fantastic concerts for Mental Health Awareness Week - it was the perfect space for our needs. It was intimate, the acoustics were good, and they had all the equipment we needed.

Wonderful team, very gracious with their time and space. They were flexible and hands-on throughout the whole planning process.
