Welcome

2Northdown is a brand new venue for hire in the heart of heart of King's Cross. We are kept busy most nights of the week as London's most exciting new comedy club, hosting the best names in the business. However, this leaves us available for hire from 9 am - 5 pm, Monday to Sunday and on some evenings.

About The Venue

2Northdown is a unique venue that will bring an alternative flair to a wide variety of private and corporate events, including product launches, fundraisers, training, and away days.

The atmospheric 56 msq rectangular space is housed within a former light industrial building and incorporates a multi-height adjustable stage and state of the art PA and AV system. Capacity ranges from 65 seated theatre style through to 100 for receptions.

2Northdown is full accessible and has step- free street level access.

Unfortunately the venue it is not suitable for weddings, christenings and events requiring multiple spaces or classroom style seating.

2Northdown was exactly the creative space we needed to take the team out of the office, out of their set way of thinking about the work, and help everyone relax, reflect and participate.

The 2Northdown team were very responsive to our needs and requirements, and offered us a tailored experience that I'm grateful for. On the day, the staff were really great, and helped us make the workshop a success by ensuring that details were taken care of: seating, refreshments, sound levels, etc. And being able to finish the meeting and go straight to drinks was the highlight, we didn't lose anyone between there and the pub as is usually the case!

I highly recommend 2Northdown to any team looking for a different space to conduct meetings, retrospectives, workshops, in short anything that doesn't require a table - and that should really be more meetings...

We held an activism event on Period Poverty at 2Northdown on International Youth Day.

As we work with a small charity budget for these events it's always very difficult to find a space that is reasonably priced, looks good, and has staff members on hand to provide tech support. 2Northdown went above and beyond in all these areas.

They were the best value for money of any London venue we've used, the space itself provided the intimate but professional vibe we were looking for and is well located, and the two 2Northdown staff members were helpful and accommodating.

We will definitely be using the space again and recommending it to our UK Network.

- Event support including technical, bar and security staff
- Talent sourcing

Please get in touch to tell us about your event and we will give you a quote.

Hosting two events at 2Northdown was a great experience which I would recommend to anyone. We hosted two fantastic concerts for Mental Health Awareness Week - it was the perfect space for our needs. It was intimate, the acoustics were good, and they had all the equipment we needed.

Wonderful team, very gracious with their time and space.

They were flexible and hands-on throughout the whole planning process.
